How To Choose a Category (See attached Products & Services Directory Categories for complete list.)

You may list under the general category (for example: C7, Computer Software, General) or you may want to choose a specific subcategory (for example: C7-15, Computer Software, Security).

Directory category for this form: _____

(Please use BOTH the category number and name listed on Products & Services Directory Categories page.)

To assist you in planning your directory listings, please note the following:

Your company name will be **BOLD AND IN CAPS**. The line for your company name can take 30 letters, punctuation marks and/or spaces. Longer names can be abbreviated, or you can purchase additional lines. The other lines for your listing (address and product descriptions) can take 44 letters or spaces per line. Feel free to call if you have questions! (714) 558-8940.

Company Name: _____

Address: _____

(Company name will be in **BOLD CAPS**, maximum of 30 letters/spaces per line.)

City, State, Zip: _____

Telephone: _____

Fax: _____

(One line can accommodate two U.S. phone numbers. For international, additional numbers or phone numbers using letters, extra lines may be required.)

Website: _____

Email: _____

Description: _____

(Line count for the Description section is based on total letters, spaces and punctuation divided by 44. Actual print version may vary.)

For the **Online GUIDE!** Please list the locations in which your company sells products and services.
