

# WANTED

Dedicated & Available BC / ERM / DR / EM Professionals

Mission: To help the GUIDE deliver better resources for the Industry

We're looking for Executives, Practitioners & Solution Providers...

From the Private and Public Sectors

From Associations and Organizations

With Expertise in...

- Preparedness, Planning & Management
- Human Concerns
- Information Availability & Security
- Telecom & Satcom
- Facility Issues
- Crisis Communications & Response

We want to collaborate with professionals from all parts of the world

- Those experienced in the field
- And those new to the industry

The Disaster Resource GUIDE was created with a commitment to the grassroots of our industry. For 14 years we have relentlessly sought to locate, integrate and communicate resources in the fields of emergency management, business continuity, disaster recovery, risk management and now also homeland security.

We are moving the industry forward. Will you help us?

Here are some ways...

- Complete a survey
- Participate in an online forum
- Participate in a specialized task force
- Contribute editorial for print, the website and the eGUIDE newsletter

Contact us today for more information!
